

# Riddell®

**PROTECT. PERFORM.™**

## Alexander HS FOOTBALL ORDER FORM

### HELMETS

FEATURES REVOLUTION®  
CONCUSSION REDUCTION  
TECHNOLOGY  
(details below)

The latest breakthrough innovation, the Revolution® Speed Helmet is the ultimate in fit, comfort and stability! The Revolution® Speed comes at you with an aggressive new shell design, and a super comfortable anti-microbial Overliner. The Revolution® Speed also features a new face mask system designed from the ground up to optimize sightlines. Attaching the face mask is Riddell's proprietary push-button Quick Release™ Face Guard System to cut cage removal time by 50 percent – a feature that certified athletic trainers are demanding. Also available with built-in HITS™ Technology.

\* Based on a study by the University of Pittsburgh Medical Center and partially funded by Riddell showing reduced concussion risk in High School football players wearing the Revolution helmet vs. traditional helmets. Neurosurgery, Feb. 2005, V. 58, N. 2. While this study did not test the Revolution Speed helmet, the Speed has similar properties as the Revolution helmet. Contact in football may result in CONCUSSION-BRAIN INJURY which no helmet can prevent.

### SHOULDER PADS

All of the Innovations of CPX™ in a Stock Pad.

SPX is a lightweight, low-profile, exceptionally comfortable pad. Twelve technologies and key features come together in the most advanced stock shoulder pad available.
